

# PJLA Update Notification

## **Update Notification # 88**

**Update Notification Release Date:** 7/3/2025

**Form/Procedure/Policy:** Update to PJLA Policy PL-3 Measurement Uncertainty

### **Attention All Applicant and Accredited Organizations:**

PJLA's PL-3 Policy on Measurement Uncertainty has been updated for immediate release. Please note this is a mandatory policy that all Conformity Assessment Bodies (Testing including Medical, Calibration, Proficiency Testing Providers, Reference Material Producers) shall follow. Below is a summary of changes and implementation date.

### **PL-3-Measurement Uncertainty Policy -Effective July 3, 2025**

The document has been **reorganized and updated** to improve clarity for CABs and assessors. Key updates include:

- Complete reorganization of the document to improve readability
- Removed unnecessary language already defined in ISO 17025, 17034 etc. standards
- Updated language regarding ILAC P14 criteria as well as ILAC G8 regarding decision rules and statements of conformity/compliance statements

Please ensure to obtain a copy of this document from the PJLA website and implement any changes as necessary.

Thank you!
